Newcastle Cathedral Community History Project

Newcastle Cathedral is launching a new volunteer-led community history project on **Wednesday 2nd May**, with the aim of discovering more about the history and heritage of the Cathedral and its place in the city. From researching the Cathedral's internationally important collection of ledger stones, to discovering more about the monuments, windows and military colours which make the Cathedral so unique, the group will have a chance to make a significant contribution to our knowledge and understanding of the Cathedral and how it was used in the past. The launch will include a tour of the building and a talk from the Cathedral's Archaeologist, Dave Heslop. At the event, there will also be an opportunity to learn more about volunteering and how your valuable contribution can help the research. **Two time slots are available: either 2.00pm or 6.00pm.** Please choose the time that suits you best. All are welcome to attend. Please reserve your free place via Eventbrite:
